Self adhesive screw cover caps

NEW!

Self-adhesive furniture screw cover caps are used to mask confirmates, camlock, etc. The high-quality acrylic glue used in the screw caps retains its adhesive properties throughout the entire period of use. We manufacture high quality products.

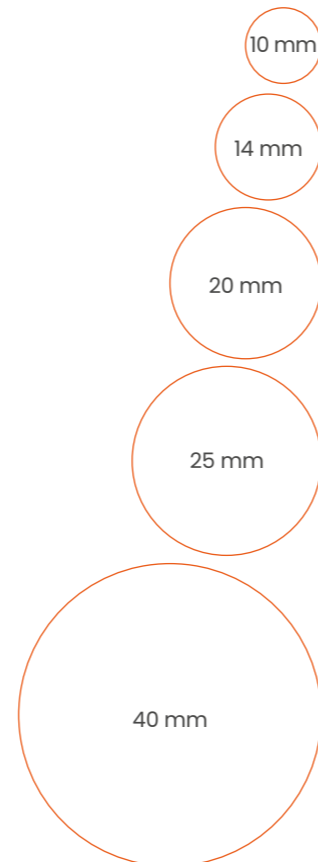

Main attributes of self-adhesive screw cover caps:

- perfect matching to Egger, Kronospan, Kronopol, Pfleiderer, Kastamonu decors,
- thinner than any other cap available on the market,
- high quality,
- large colour range, almost 300 decors available,
- durability, strength.

Usage examples

Size	Use
10 mm	shelf holes
14 mm	confirmate
20 mm	cam lock
25 mm	rafix
40 mm	hinges

Standard packages contains:

- 10 mm – 1 sheet – 66 pcs = 3300 pieces of self-adhesive screw cover caps in 1 package (50 sheets)
- 14 mm – 1 sheet – 25 pcs = 1250 pieces of self-adhesive screw cover caps in 1 package (50 sheets)
- 20 mm – 1 sheet – 28 pcs = 1400 pieces of self-adhesive screw cover caps in 1 package (50 sheets)
- 25 mm – 1 sheet – 18 pcs = 900 pieces of self-adhesive screw cover caps in 1 package (50 sheets)
- 40 mm – 1 sheet – 6 pcs = 300 pieces of self-adhesive screw cover caps in 1 package (50 sheets)

Custom shapes

As a manufacturer we are able to produce self adhesive screw cover caps at any size, decor, shape and number of pieces on the sheet.

Melamine edge bands

Furniture edge bands are used to protect and decorate furniture edges, making them more resistant to damage and also looking more aesthetically pleasing.

In our offer you will find melamine edging in versions with glue (simple assembly – iron), without glue and self-adhesive:

- width: 21 mm and 40 mm
- roll lengths: 5 m, 20 m, 50 m, 100 m

Edging without glue is available in larger rolls up to 500 m.

They are available in many colour versions, so you can match them perfectly with the colour of your furniture. You will find products imitating wood or stone, as well as single-colour.

Please ask us about availability.

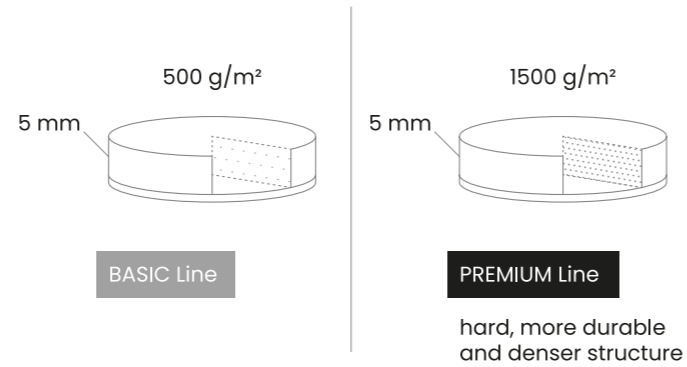

Self adhesive felt pads

NEW!

Self-adhesive felt pads are used to protect the floor from scratches. The high-quality acrylic glue used in the felt pads retains its adhesive properties throughout the entire period of use.

Main attributes of self-adhesive felt pads:

- various shapes/sizes
- available colors: white, grey, brown, black
- thickness 5 mm
- very strong adhesive
- durability, strength

Plinth Vents

Effective ventilation of rooms is one of the most important elements of company and residential buildings. Take advantage of our ventilation grilles, which are characterized by durability and high quality. We have created them from the highest quality aluminum to ensure resistance to mechanical damage and corrosion resistance.

Aluminum Worktop Trims

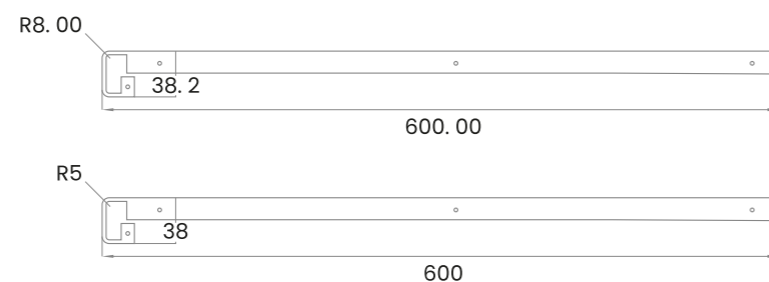

Aluminum worktop strips are made as a result of advanced aluminum processing. Moldings intended for finishing furniture tops must be of high quality and durability to properly fulfill their tasks. We offer two types of finishes, classic and modern (so-called new profile), which are available in aluminum, black and matte. The modern rounding of the slats is complemented by the white color. Laser processing ensures a perfect finish (when polishing arcs and ovals). We apply the coating by anodizing, which guarantees perfect coverage.
